WHEREAS, verbal and written threats, media posts, and hateful symbols used to harass and intimidate Jewish and other populations – especially on college campuses and in synagogues, which should be sanctuaries for people to pray, study, work, and live – have dramatically increased over the last few years, and in particular over the last several months; and

THEREFORE BE IT FURTHER RESOLVED THAT, that the New Hampshire Democratic Party recognizes that hate speech and behaviors are often employed in the proliferation of conspiracy theories, disinformation, and the denial and distortion of historical events, emphasizing and reinforcing stereotyping and stigmatization.

Resolution 29

Topic: A Resolution in support of Universal Health Care

Primary Sponsor: Jessica LaMontagne, State Representative, Strafford 17, Dover

Date Submitted: April, 11 2024

A Resolution related to Support of Universal Health Care, for consideration by the New Hampshire Democratic Party Convention on Saturday, May 11th, 2024.

WHEREAS, we believe we need to move toward universal health care by expanding participation in a single-payer system, such as Medicare, that is affordable and readily accessible; and

WHEREAS, current costs of health care are UNAFFORDABLE and UNSUSTAINABLE in our state and in our country, and such services, including primary and preventive care, prescription drugs, emergency services, behavioral health services, dental and visual care, and long-term care are essential for the HEALTH of our citizenry, and

WHEREAS, Private insurance premiums are UNAFFORDABLE for MOST and the ABSENCE of NATIONAL, UNIVERSAL HEALTH INSURANCE, contributes to citizens being UNINSURED and UNDERINSURED resulting in delayed care for chronic medical conditions, and the underuse of addiction treatment and mental health care, problems that have reduced US life expectancy in recent years; and

WHEREAS, the duration and quality of life for the citizens of New Hampshire will improve if ALL can access primary care instead of waiting until a medical emergency; that such emergencies disrupt lives and burden first responders and hospitals, who in turn pass cost of emergency care for the UNINSURED on to the rest of us; and

WHEREAS, fellow New Hampshire citizens have experienced bankruptcy due to medical bills even when they have insurance, unheard of in any other developed nation; and

WHEREAS, having AFFORDABLE HEALTH INSURANCE that is INDEPENDENT of one's job, will allow ALL people to pursue happiness in the job that they love, not just the job with health benefits; that will encourage entrepreneurs to start businesses; that will relieve small businesses of the ONUS of providing private health insurance, and this will help New Hampshire businesses compete in the global economy; and

WHEREAS, a NATIONAL, UNIVERSAL HEALTH INSURANCE will eliminate the need for poverty-only government health insurance such as MEDICAID that entails enormous administrative costs for state governments, and stigmatizes participants; and

WHEREAS, the State of New Hampshire and the municipalities in our state currently spend millions of dollars a year for private health insurance for their employees and retirees, a cost that keeps rising every year, putting a strain on resources that could be better spent in addressing other needs in our own communities and state; and

WHEREAS, private health insurance companies have the luxury of insuring the low risk pool of healthy working adults and their children, and the burden of insuring the high risk pool (people with disabilities, the indigent, and the elderly) rests solely with the government; and

WHEREAS, such collusion allows private insurance companies to reap huge profits insuring us during our entire working lives while contributing NOTHING toward our care in old age, when we need care the most; and

WHEREAS, we believe a sustainable, cost-effective approach is to have one risk pool, combining the low and the high risk, like every other country in the world, because our current two-pool system is NOT SUSTAINABLE and NOT AFFORDABLE; and

WHEREAS, one risk pool and a UNIVERSAL, NATIONAL HEALTH INSURANCE PROGRAM will allow MEDICARE to be comprehensive, including dental and long-term care, and need NO SUPPLEMENTAL plan; and

WHEREAS, a small state like New Hampshire cannot provide UNIVERSAL HEALTH INSURANCE on our own;

THEREFORE, BE IT RESOLVED, we, the New Hampshire Democratic Party, call on Congress to pursue and pass legislation for a NATIONAL, UNIVERSAL HEALTH INSURANCE PROGRAM.

Resolution 32

Topic: A Resolution Reaffirming Our Commitment to Protecting Reproductive Rights

Primary Sponsor: New Hampshire Democratic Party Officers

Date Submitted: April, 14 2024

A Resolution Reaffirming Our Commitment to Protecting Reproductive Rights, for consideration by the New Hampshire Democratic Party Convention on Saturday, May 11th, 2024.

WHEREAS, The U.S. Supreme Court overturned the nearly 50-year-old, landmark Roe v. Wade decision; and

WHEREAS, The court's decision in Dobbs v. Jackson Women's Health Organization will jeopardize the health and well-being of millions of people, allowing states under Republican rule to force pregnancies to term even if doing so endangers their lives and health or even in cases of rape or incest; and

WHEREAS, The court's decision in Dobbs threatens the well-being of millions of individuals who should be allowed to decide intimate family planning questions for themselves in consultation with their health care providers and others whom they trust; and

WHEREAS, Anti-abortion laws already enacted in several states as well as measures currently before other state legislatures would threaten those who choose not to continue a pregnancy with criminal prosecution, and would criminalize the provision of reproductive health care, potentially including the treatment of miscarriages and ectopic pregnancies, by medical professionals; and

WHEREAS, Democrats remain committed to continuing to defend IVF access, despite recent repeated Republican attempts to ban this critical treatment; and

WHEREAS, Low-income and people of color will be particularly harmed by the impact of the Dobbs decision; and

WHEREAS, the NHDP has long supported the right to reproductive health care and abortion rights;

THEREFORE BE IT RESOLVED, That NHDP will continue to support the fundamental right of all individuals to access appropriate reproductive health care, effective birth control and emergency contraception; and

BE IT FINALLY RESOLVED, That NHDP will support federal legislation codifying full reproductive rights and expanded access to reproductive health care services.

WHEREAS, the nominee engages in ongoing promotion of The Big Lie and relentless efforts to undermine faith in our electoral process, and;

WHEREAS, the nominee was found liable for sexually abusing and defaming E. Jean Carroll, while facing credible accusations of sexual harassment and sexual assault from more than a dozen other women and gloating about getting away with sexual misconduct, and;

WHEREAS, the nominee defended Nazi demonstrators in Charlottesville as “very fine people,” dines with white supremacists and reflexively shows warmth towards vile extremists; and

WHEREAS, the nominee disparages fallen soldiers as “losers” and “suckers,” and shamefully disrespects Gold Star families, and;

WHEREAS, the nominee mocks Americans with disabilities and repeatedly reveals a stunning lack of empathy and compassion, and;

WHEREAS, the nominee would roll back rights and protections for the LGBTQ+ community, appeasing religious zealots and showcasing his characteristic lack of concern for the pain and suffering that would result, and;

WHEREAS, the nominee's breathtakingly reckless response to the COVID-19 crisis led to the preventable loss of life at an unimaginable scale, and his fervent rejection of science and expertise are disqualifying for a leader with such consequential responsibilities, and;

WHEREAS, the nominee is openly pursuing an authoritarian agenda, pledging to be a "dictator" on day one and laying out a broad array of anti-democratic measures to be implemented as part of Project 2025, and;

WHEREAS, those who worked most closely with the nominee, including his Vice President and numerous cabinet officials, fundamentally reject his suitability for the presidency, and;

WHEREAS, the twice-impeached nominee is currently facing four separate indictments and ninety-one felony counts, and;
